

We are a Circle of ExcellenceSM dealer with a huge inventory of Andersen windows, doors and accessories. We order our entire product line direct from Andersen, allowing us to pass superior pricing onto homeowners and contractors. Our on-site Dealer Service Network is available to our customers if any warranty issues arise.

We build all our custom bay and bow window assemblies on premises. Come visit our award-winning Andersen Design Center, and see the superior quality of Andersen windows and doors for yourself.

We are a Milgard Certified dealer, specializing in the sale of vinyl, aluminum, and fiberglass window/sliding patio door products. Please visit our industry renowned Milgard showroom to discover the beauty of Milgard window and door lines.

Being a Marvin World Class Dealer[®], our staff is factory trained to better serve your needs. The value of having an expert knowledge of the product allows you to experiment with new and unique product combinations, thus letting you transform your home into *your home*. Marvin windows and French doors are available in wood or clad-wood exteriors, and have the custom capabilities that will stimulate your creativity and design imagination.

Hy-Lite Acrylic Block Windows

These light weight prefabricated block window units are available with aluminum or vinyl frames, and are built to accommodate new and/or retrofit construction applications. Hy-Lite Acrylic Block Windows combine the beauty of traditional glass block units with the functional advantages of venting windows. Also available in fixed sash assemblies.

Pacific Accent

Pacific Accent glass block windows are a pre-assembled, vinyl framed, new construction window. These stunning windows are easy-to-install, and available through special order. Contact us for more information regarding lead times and pricing.

Tru-Frame

Aluminum and vinyl greenhouse/garden windows are available in a variety of frame colors. They feature rounded corners, easy opening side vents, tempered glass, adjustable shelving, and solar glass roof. These windows are the perfect addition to any kitchen and accommodate most household plants.

SKYLIGHTS

We stock a complete line of Velux skylights and accessories. Available in fixed and venting styles (with flashing systems to accommodate almost any application), these skylights are a stylish method for bringing the beauty of natural light into your home. Stop by today for a demonstration of the new VSE electric skylight. You see why Velux has been the top skylight manufacturer for over 50 years.

Tired of your old aluminum skylights sweating or leaving a hot spot where you are standing? We have found the optimal solution in flat, pyramid, and double-hip shapes. The Sun Optic Prismatic skylight utilizes a diffusion method that spreads the light evenly throughout any area, while thermally breaking the interior and exterior environments. We stock a variety of standard sizes.

The Sun tunnel is perfect for lighting a dark hallway, bathroom, or kitchen. We stock 14" and 21" sizes. They come standard with 6' of flexible tubing material, and all of the installation essentials. Need something longer? No problem, we stock longer lengths of tube. We also stock Rigid Sun Tunnel's Attic Fan 10" x 14".

Royalite

This curb-mounted skylight can be special ordered in virtually any dimension or shape. We typically receive standard size units within three working days. Royalite also offers fixed and operable units, which are available in a variety of frame colors.

Pacific Accent Glass Block

Foster Mantels

Foster provides a wide selection of elegant fireplace mantels, which can be special ordered to fit your unique taste. Contact us for more information.

Solar Powered Attic Fans

Cool your hot attic for 'Free!' Silently saving with Sun Power. The whisper quiet operation will move up to 850 cubic feet per minute (CFM's) of air. We have fans in stock.
